

UT60-2

Open High Density Trolleys

Product Description

The UNICAS Open High Density Trolley is engineered to offer a sturdy yet lightweight cart, ensuring the smooth and ergonomic movement of medical supplies throughout the hospital grounds.

Features

Lightweight design

- Effortlessly portable, providing convenience in maneuvering and optimizing ease of use.

Handle for easy movement

- Enhances user navigation.

Enhanced stability

- Our extended base provides enhanced stability, ensuring secure and wobble-free movement when transporting medical supplies.

Protective bumpers

- Corner bumpers act as a cushion, minimizing the impact and reducing the likelihood of damage to both the trolley and its surroundings.

Optional Cover Available

- Improves cleanliness of supplies on the trolley.

5" medical grade casters

- (2) Top brake casters (front)
- (2) Swivel casters (back)

Durable powder coat finish

Dimensions (WxHxD): 42.84" x 70.6" x 25.84"
